

**Friday, September 5, 2017 - 1630 CST  
Hurricane Harvey Incident - Report 10**

**Reporting Period: 8/24/17 – 9/5/17 – 1630 CST**

**Current Situation (9/5/17)**

- Carbon Monoxide exposures are still of concern due to generators in enclosed spaces
  - People are getting exposures to cleaning agents (dermal, ocular, inhalation)
  - Water safety is a high priority as is the risk for food poisonings.
  - Poison Centers are always a medical resource for those potentially exposed to a substance. Board Certified Medical Toxicologist on call.
  - Poison Centers continue to collaborate with state and federal agencies to provide exposure surveillance and patient treatment recommendations.
- 
- All Specialists in Poison Information of the Texas Poison Center Network have been instructed to continue to collect additional information on hurricane related exposures and to code cases as PUB Health EMERG and to use AAPCC emergency code on the case to help aid in epidemiological studies.

See previous situation reports for historical updates.

Central Texas Poison Center will continue to provide situation reports daily until further notice, on behalf of TPCN.

You can find more disaster recovery advice at [TexasPrepares.org](http://TexasPrepares.org).

Residents with poison concerns may continue to access 24-hour bilingual medical advice by calling the **National Poison Center hotline at 1-800-222-1222.**

**Calls received to date:**

**Calls specifically documented as relating to Hurricane Harvey**
